

## 28 Stem Floor Light

Manufacturer: **Bocci**

£4,480

### DESCRIPTION

**28 Stem Floor Light** by **Bocci**.

Bocci uses glass blowing and glass, ceramics and metal sand-casting to produce their unique, hand-crafted lights.

The 28 series is made using a complex glass process whereby the air temperature and the direction of airflow are manipulated into blown glass. The result is a distorted sphere with a composed collection of inner shapes, one of which is made of opaque milk glass and houses a 1.5w LED lamp.

The 28 stem collection is a statement group of glass blown luminaires available as floor, ceiling or columnar installations.

Please see the downloadable PDF for full specification.

**Please note:** the price given is for spheres in clear glass on a floor stem.

Other options are available against a surcharge. Please enquire for more information.

### DIMENSIONS

Short: 35 dia x 90cmh  
Tall: 35dia x 180cmh  
Individual sphere: 16.5dia

## MATERIALS

Blown glass, black flexible cord with brass or black base and dial control

Bulb (**included**): 1.5w LED.

The brass used in our Stem Series is untreated and, as such, will develop a natural patina over time. To avoid any marking or tarnish on the brass during handling and installation, please use the gloves provided in your shipment.
