DESCRIPTION

73.1 Single Pendant by **Bocci**.

Each pendant of the 73 series is expertly hand-blown into a folded and highly heat-resistant ceramic fabric vessel using Bocci's signature glass blowing and glass, ceramics and metal sand-casting techniques. The result is a beautifully textured light that maintains its connection to the fabric but in a solid form. With its diffused light source, the 73.1 is a unique and inviting addition to any space.
