DESCRIPTION

About A Chair AAC 127 Soft by **Hee Welling** for **HAY**.

The AAC 127 Soft features a generous quilted shell which adds softness and folds to the upholstery juxtaposed by a steel frame. The idea behind the About A Chair collection was to develop a chair of conspicuous simplicity. It is a chair which works just as well around the dining table as around a conference table, in a canteen or at the office. The ambition of designer Hee Welling has been to combine form, function, comfort, detail and aesthetics.

About A Chair is a family of chairs where all shells and frames can be combined - but where diversity is possible without perfection being compromised.
