DESCRIPTION

About A Chair AAC 153 Soft Duo by Hee Welling for HAY.

The AAC 153 Soft Duo chair is part of Hee Welling's versatile About A Chair series. The contemporary office chair has an inviting soft quilted shell with a contrasting leather-back, elegantly composed with a formal aluminium base. The Soft Duo chair features a high backrest and generous seat, characteristic of the ACC series.

The idea behind the About A Chair collection was to develop a chair of conspicuous simplicity. A chair that works just as well around the dining table as around a conference table, in a canteen or at the office. The ambition of designer Hee Welling has been to combine form, function, comfort, detail and aesthetics.

The dual upholstery provides a unique appearance well suited to the public, corporate or private spaces.
