9090 Espresso Maker

Designer: **Richard Sapper**

Manufacturer: **Alessi**

£160

DESCRIPTION

9090 Espresso Maker by **Richard Sapper** for **Alessi**.

The 9090 is Alessi's inaugural espresso coffee maker, marking a significant milestone in their history. It not only holds the distinction of being the first of numerous Compasso d'Oro awards but also proudly claims the title of the premier Alessi creation to grace the esteemed halls of the MOMA in New York.

Perfect for use with an induction cooktop, the 9090 captivates not only through its unique and captivating form but also through ingenious functional enhancements. These include an expanded base that maximizes heat retention, an anti-drip spout, and a lever lock that effortlessly grants access to the coffee pot with a simple hand gesture.

Available in 3-cup size.

DIMENSIONS

11dia x 17.5cmh, 15cl/oz

MATERIALS

Espresso coffee maker in 18/10 stainless steel. Magnetic steel bottom suitable for induction cooking.

Warning: verify that your induction hob is able to switch on when an item with a diameter of at least 90 mm is placed on it.
