DESCRIPTION

Alphabet 4 Seat Sofa by Piero Lissoni for Fritz Hansen.

Piero Lissoni designed the Alphabet sofa range to be a flexible seating solution, inspired by Lego bricks. The units can be combined in a variety of ways and upholstered in a number of fabrics. The upholstery can be removed for cleaning or replacement.

This playful modular series invites creativity in composition. The endless composition possibilities are made possible through hidden fittings.

The pre-made compositions are practical and comfortable, constructed using high-resiliency foam, the individual seating elements are edged in a firmer foam adding to the durability of the design.

These sofas are perfect for the home due to their endless flexibility and well-suited to waiting areas and lobbies.

The Alphabet series consists of seat modules in 4 different sizes, 8 straight backrests, an L-shaped corner backrest, an armrest and loose cushions.

Please note: components are available individually, to create your own composition, please **enquire** for information.

DIMENSIONS

300w x 210/105d x 42/70cmh

MATERIALS

4-seater sofa, 1 corner backrest, 2 backrests

The seat, back and armrest modules are constructed of layers of high-resiliency (HR) foam with firmer foam on the seat module's front. The seats rest on glides in dark grey synthetic material.

The Alphabet Sofa Series is available in fabric upholstery and different upholstery colours can be combined on the same sofa. The upholstery can be removed for cleaning or replacement.

Please see the product downloads section for information on the different combinations and upholstery.
