

Cruise Rug

Manufacturer: **andtradition**

£1,630

DESCRIPTION

Cruise Rug by **All the Way to Paris** for **&Tradition**.

Cruise pays tribute to the luxury cruise ships that sailed from Europe to Mumbai in the late 1930s, with its simple graphic design referencing the sports courts on the deck. The glamorous travel experience included cocktails, deck games, dinners, and dancing, which strongly contrasts with how people travel nowadays.

The rug is handloom-woven from high-quality wool woven with bamboo silk, resulting in a dense, soft, velvet-like expression with a discrete sheen.

Available in two subdued, travel-inspired colour ways: Aden Desert Beige and Bombay Golden Brown, the rug will complement a range of interior settings.
