

Mist Table Lamp

Designer: **All the way to Paris**

Manufacturer: **andtradition**

£580

DESCRIPTION

Mist Table Lamp AP17 by **All the Way to Paris** for **&Tradition**.

The gentle rays of the initial morning sunlight, filtering through a veil of mist, were the inspiration behind the creation of this cosy and softly radiant table lamp crafted by All the Way to Paris. Fashioned from mouth-blown opal glass, the Mist table lamp boasts a substantial marble column housing a discreet dimmer switch. This juxtaposition between the glass's delicate form and the marble's robustness results in a refined design that exudes a sense of luxurious materiality.

Elevating any interior design endeavour, the Mist Lighting series introduces a subtle touch of opulent sophistication, seamlessly blending form, function, grace, and warmth.
