

Allwood Chair

Designer: **Anderssen and Voll**

Manufacturer: **andtradition**

£545

DESCRIPTION

Allwood Chair AV35 by **Anderssen + Voll** for **&tradition**.

The Allwood Chair, designed by Anderssen + Voll in 2024, seamlessly blends traditional and contemporary woodworking techniques, showcasing meticulous design and craftsmanship. The chair's construction reflects Norwegian design philosophy and a commitment to using natural materials, combining solid wood, laminated parts, and oak plywood to ensure outstanding quality.

Anderssen + Voll celebrate the essence of wood in Allwood, emphasising its warmth and connection to our lives. To achieve a distinct form, comfort, and strength, the designers employ various woodworking techniques, harmonising milled solid oak, laminated bottom rails, and form-pressed curved sheets of laminated veneer.

The back stretcher of the Allwood chair serves a dual purpose, holding everything together structurally while becoming a strong graphic element. The chair's simplicity and versatility make it suitable for both homes and hospitality settings, reflecting the expertise of Anderssen + Voll in woodworking techniques.

Please note the chairs must be purchased in sets of two.
