DESCRIPTION

Pavilion Bar Stool | Backless by **Anderssen + Voll** for **&Tradition**.

The Pavilion range by Anderssen & Voll honours the Langellini Pavilion in Copenhagen, a modernist structure designed by architects Eva and Niels Koppel in 1958. Crafted specifically for the pavilion, the furniture design captures the minimalist essence of the movement.

The Pavilion Bar and Counter Stools joined the collection in 2025, featuring a form-pressed seat, fluid curves and a barely-there silhouette. The seats are ideal for furnishing a bar or a kitchen, filling the space without making it appear too crowded.
