DESCRIPTION

Pavilion Chair | Sled Base | Fully Upholstered by Anderssen + Voll for &Tradition.

The Pavilion range by Anderssen & Voll is inspired by Copenhagen's Langellini Pavilion, a modernist structure designed by architects Eva and Niels Koppel. The furniture in this collection embodies the minimalist essence of modernism.

In 2025, the Pavilion Sled was introduced to the range. It features the same pressed seat and back design as its predecessor but is equipped with a steel sled base, making it particularly suitable for the contract market. This version features an upholstered seat, and is perfect for accommodating large groups, making it an ideal choice for events such as conferences or theatre performances.
