DESCRIPTION

Pavilion Lounge Chair by **Anderssen + Voll** for **&Tradition**.

The Pavilion range by Anderssen & Voll pays homage to Copenhagen's Langellini Pavilion, a wholly modernist building designed by architect couple Eva and Niels Koppel. Made for the pavilion itself, this range of furniture embodies the minimalist construction of the movement.

Designed to suit the surroundings of the building, the Pavilion lounge chair blends the old with the new. A traditional laminated veneer seat and seat back is form pressed into an ergonomic shape to better support the sitter. The tube frame eschews the fixed angles of traditional modernist design and adopts more natural curves. The result is a comfortable and informal lounge chair equally well suited to the home, a bar, or a hotel lounge.
