DESCRIPTION

Montera Table Lamp JH42 by Jaime Hayon for &tradition.

Designed by artist and designer Jaime Hayon, the Montera table lamp seamlessly blends heritage and contemporary design. Inspired by old Spanish postcards, Montera pays homage to Spain's rich cultural legacy, drawing from the traditional flair of the Matador's bullfighting hat.

Crafted with care, each piece features an aluminium base and shade, a black textile cord, and a polished brass dimmer that allows users to customise the light intensity according to their mood.

Available in two vibrant variants, Forest and Sky and Amber and Ruby, Montera adds a splash of colour to any space while reflecting Hayon's playful design ethos.
