

Sett Coffee Table

Designer: **Luca Nichetto**

Manufacturer: **andtradition**

£1,810

DESCRIPTION

Sett Coffee Table by **Luca Nichetto** for **&Tradition**.

The Sett collection combines Italian craftsmanship and Scandinavian practicality, brought together by Luca Nichetto. The designer was inspired by the intricate inlay techniques of fine jewellery, where precisely cut gems are set into recesses carved into the metal surface - hence the collection's name.

Nichetto's appreciation for materiality is reflected in the three tabletop options available in the collection.

Nichetto's love for glass-making, influenced by his upbringing in Murano, is evident in the smoked finish of the collection's glass tabletop. To achieve this finish, layers of colour are lacquered onto the underside of the glass after polishing, resulting in a distinct textured look.

Marble, with its unique patterns and hues, was chosen for its inherent beauty, where, despite coming from the quarry, each slab boasts its own identity.

DIMENSIONS

Square: 100w x 100d x 34cmh
Rectangle: 140w x 60d x 34cmh

MATERIALS

The legs are made of cast aluminium, with side rails made from extruded aluminium profiles. Both surfaces are treated with dark chrome finish.

The table top is available in three finishes: Bianco Carrera marble, Verde Guatemala marble or smoked cast glass.

The marble is cut into shape and then polished to get a matt finish top. It is then treated with a protective surface treatment. Please note that due to the natural nature of the material, each marble tabletop is unique.

The glass table top is cast into shape, with the edges polished for a smooth finish. The smoked glass tabletops are unique due to the casting process and thickness may vary from 1-5mm per piece.
