DESCRIPTION

Tabata Wall Light | LN10 by **Luca Nichetto** for **&Tradition**.

Luca Nichetto's Tabata wall light originated from his vision to create a fixture that appears to float. Merging an industrial aesthetic with a playful use of colour, the light is composed of three interconnected metal modules meticulously crafted from high-gloss painted and polished aluminium.

True to Nichetto's signature style, the design is visually bold yet elegant, striking a perfect balance between form and character.

The light's versatility allows it to be oriented to direct a diffused glow as desired. It can be positioned individually to create ambient lighting or arranged in multiples for a dramatic effect.
