DESCRIPTION

In Between Table SK23 by **Sami Kallio** for **&Tradition**.

Introducing the latest inclusion in the In Between lineup, the SK23 low table has been meticulously crafted from premium FSC-certified wood, adding a touch of refined simplicity to your living space. They are offered in a selection of three exquisite finishes: black lacquered oak, oiled oak, and smoked oiled oak.

The In Between table beautifully combines elements of both traditional and contemporary design, drawing inspiration from the stool and chairs from the range. Its chamfered edge mirrors the concept of negative space found in the seatback of the chair and stool, while the lathe-turned solid wood legs echo the shape of the seating's legs. The end result is a table that exudes warmth and familiarity, seamlessly blending into the modern home and becoming an essential part of everyday life.

The table is also available in other sizes. Combine the table with the rest of the In Between collection to create the perfect living space. Please view the product range section below for the complete collection.
