

Collect Hurricane

Designer: **Space Copenhagen**

Manufacturer: **andtradition**

£605

DESCRIPTION

Collect Hurricane SC83 by **Space Copenhagen** for **&Tradition**.

The Collect Hurricane steel lantern is part of the Collect range designed by Space Copenhagen for &Tradition. Formed of rounded glass and powder-coated steel, the clean lines of the Hurricane lantern balance between modern and classic.

Described by Space Copenhagen as “framing the poetic nature of candlelight,” the versatile lantern features a subtle handle, making the transition between indoor and outdoor spaces effortless.

DIMENSIONS

26cw x 30d x 56cmh

MATERIALS

The base is die-cast ADC12 aluminium. The upright and lid components are made from laser cut galvanised iron sheets.

The glass tube is made from borosilicate glass and can withstand high temperatures.
