

## Solid Wall Lamp

Designer: **Space Copenhagen**

Manufacturer: **andtradition**

£265

## DESCRIPTION

**Solid Wall Lamp** by **Space Copenhagen** for **&Tradition**.

Designed by Space Copenhagen in 2025, the Solid Wall Light features a bell-shaped form inspired by maritime design. With a focus on durability and resistance to the elements, the designers, influenced by Scandinavian weather, ensured the light would be both solid and water-resistant.

The lamp is crafted from a single solid cast, allowing for a minimalist, organic shape with a soft, simple silhouette.

Available in two finishes, the Black (SC104) variant is suitable for both indoor and outdoor use, while the Bronzed Brass (SC105) is specifically designed for outdoor environments.

The bronzed brass finish was chosen for its natural patina, a key element of Danish heritage that adds a timeless quality to the piece.

## DIMENSIONS

15w x 18d x 14cmh

## MATERIALS

The black finish is made from aluminium and glass, whilst the bronzed brass finish is made from bronzed brass and glass.

Recommended light source (not included): GU10 Max 5 Watt LED.

IP44.

Both finishes are suitable for outdoor use.

The Solid Wall Lamp is designed for disassembly, making it easier to repair, renovate, restore, pass on, and responsibly recycle at the end of its life.

&tradition is a Certified B Corporation.

**Please note:** This is a CE-approved product and should only be used in countries that accept and adhere to this standard. If used in other countries, it will be the sole responsibility, risk and liability of the customer.
