### DESCRIPTION

**Flowerpot Pendant VP10 by Verner Panton for &Tradition.**

Designed by Verner Panton in 1968, the Flowerpot Pendant merges playful minimalism with timeless appeal. The collection drew inspiration from the hippie movement, reflected in its vibrant colours, gentle contours, and name derived from the Flower Power movement.

With its distinctive two semi-circular spheres, the Flowerpot has solidified its reputation as an icon of design. Now available in a smaller size, measuring 16cm in diameter, the VP10 suits various residential or commercial settings, from adorning bedside tables to creating captivating entrances or suspending them in clusters over dining tables.

The VP10 Pendant is also available in a black-and-white wave pattern Panton used in the 1970s. Available to purchase [here](#).
