

Flowerpot Wall Light VP8

Designer: **Verner Panton**

Manufacturer: **&tradition**

£305

DESCRIPTION

Flowerpot VP8 Wall Light by **Verner Panton** for **&Tradition**.

A classic Danish design, the Flowerpot lamp was designed by Verner Panton in 1968 from the desire to create objects that are not only functional but which also evoke emotions.

The design was considered radical at its debut, with Panton choosing shapes, materials and colours that were unconventional at the time.

Panton drew numerous sketches of a wall version of the Flowerpot, yet it never made it to production - until now; working closely with Panton's family &Tradition has brought the light to fruition for the first time since its conception.

The instantly recognisable minimal silhouette is available in a range of contemporary finishes.

DIMENSIONS

23w x 26d x 35.5cmh

MATERIALS

The shades are made from deep drawn metal and the base of the lamp is die casted.

Available in a selection of finishes with matching fabric cord (chrome has a black textile cord).

The light can be hardwired by removing the cable.

Light source (not included): E27 max 40 Watt.
