

Match console table, 2015

Designer: **Bernhardt and Vella**

Manufacturer: **Arflex**

£2,015

DESCRIPTION

Match console table by **Bernhardt + Vella** for **Arflex**.

The Match console table blends pared-back simplicity with luxurious detailing.

The project is born from an industrial shelves system. The junction, that joins the structure with the shelf, becomes a precious and decorative element in brass. The system can be stacking and allows to create with the same elements also small tables and bookshelves with different heights, console and table. The shelves for the bookcases are in wood (chocolate); the small tables tops, the console and the tabletop are available in marble. The tubular frame is black matt painted.

DIMENSIONS

122w x 42d x 76cmh

MATERIALS

A tubular matt black lacquered metal frame features orthogonal joints in anodised satin brass aluminium and black adjustable polypropelene glides.

The tabletop is available in white Carrara, black Marquinia, Travertino rosso quartzite silver marble .
