

## Hug High-Backed Armchair, 2013

Designer: **Claesson Koivisto and Rune**

Manufacturer: **Arflex**

£3,023

### DESCRIPTION

**Hug armchair by Claesson, Koivisto & Rune for Arflex.**

Claesson Koivisto and Rune describe the Hug range as "our answer for a new iconic design, made to measure for Arflex". The Hug seating range is designed to embrace the sitter, creating a sense of refuge and relaxation. At the same time, its neat profile and elegantly slender base ensures it has great poise and elegance.

The Hug range consists of a standard sofa, a high-backed sofa and a series of armchairs.

### DIMENSIONS

82w x 86d x 44/103cmh

### MATERIALS

The metal base structure features wood detailing around the chair seat and adjustable black PVC feet. The seat and backrest are formed from upholstered moulded polyurethane foam, with a polyester slipcover.

Upholstery options:

**T2: Cabas, Derby, Etoile**

**T3: Boucle, Cherie, Lama**

**T4: Hero 2, Mistral, Orbaco, Steelcut 3, Swing**

**T5: Divina MD, Gamma, Vega**

Available in the leathers of arflex collection.

The chair cover is fully removable.

Please note that the price listed is only for the variants with standard black metal base. Base in gunmetal grey lacquered, burnished lacquered, white lacquered or gold lacquered finishes available at an additional cost. Finishes can be viewed on the downloadable base finishes spec sheet or in-store.

The wood detailing of the base is available in Oak, Walnut Canaletto, Wenge or Chocolate stained ash. See the base finishes spec sheet for details.
