

Hug Table, 2013

Designer: **Claesson Koivisto and Rune**

Manufacturer: **Arflex**

£7,380

DESCRIPTION

Hug Table by Claesson, Koivisto & Rune for Arflex.

Claesson Koivisto and Rune describe the Hug range as inspired by "a friendly, recognisable gesture that speaks directly to the heart – the hug."

The Hug seating range is designed to embrace the sitter, creating a sense of refuge and relaxation. At the same time, the neat profile and elegantly slender base ensures each piece of furniture has great poise and elegance - qualities which are particularly evident in the Hug table.

Available as a dining table or coffee table, the Hug table has a metal base structure with contrasting wood detailing.

DIMENSIONS

220w x 100d x 73cmh

MATERIALS

The dining tabletop is available in a selection of marble finishes. The full range of options are shown on the downloadable table finishes spec sheet.

The metal base is available in standard black. Burnished lacquer base is available at an additional cost. These are included on the finishes spec sheet.

The wood detailing of the base is available in Walnut Canaletto or Wenge. See the finishes spec sheet for details.
