

Tellin lounge chair, 2018

Designer: **Luca Nichetto**

Manufacturer: **Arflex**

£2,120

DESCRIPTION

Tellin lounge chair by Luca Nichetto for Arflex.

The Tellin chair takes inspiration from the natural world to create a lounge chair of unique comfort and style.

Like a seashell, the seat and seatback are formed of two gently concave pieces which join seamlessly at the rear, giving this chair a welcoming and open character. The chair utilises two differing yet complementary upholstery fabrics on the seat and seat back to create an organic tonal difference.

Please note that a minimum order quantity of 2 chairs applies to this product.
