### DESCRIPTION

**9000 Modular Sofa** by **Tito Agnoli** for **Arflex**.

Defined by its inner curvaceous forms, the 9000 sofa is a contemporary modular seat suitable for residential and commercial spaces.

In contrast to the boxy outer silhouette, the internal backrests express inviting convex shapes that welcome the user into the space.

The modular system comprises several units that can be paired together to create custom seating; this includes curved units which can be used on their own or connected to an end module to create a chaise lounge with an organic flow.

The prices shown here are for the combinations NV03, NV04 and NV05.
