Designer: **Tito Agnoli**

Manufacturer: **Arflex**

£9,898

### DESCRIPTION

**9000 Sofa, NV06/NV09** by **Tito Agnoli** for **Arflex**.

The 9000 sofa, designed in 1969, is a contemporary modular seating option with a harmonious contrast; while its exterior is angular, its inner backrests have an inviting, arched silhouette.

The NV06 and NV09 offer a twist on a corner sofa by eliminating angled corners from the inner seats, resulting in a flowing, organic curve that adds a gentle touch to any space. Both sofas offer ample seating, with the unique layouts creating space for socialising.

The 9000 modular system comprises several units that can be paired together to create custom seating; this includes curved units which can be used on their own or connected to an end module to create a custom seat with an organic flow.

Please see product downloads for available units and potential combinations and enquire [here](#) for pricing.
