### DESCRIPTION

**9000 Sofa, NV07** by **Tito Agnoli** for **Arflex**.

The 9000 sofa, designed in 1969, is a contemporary modular seating option with a harmonious contrast; while the sofa's exterior is angular, its inner backrests have an inviting, sinuous silhouette.

The NV07 and NV07-B offer a twist on the traditional sofa, evoking a feeling of softness with their open, curved ends.

The 9000 modular system comprises several units that can be paired together to create custom seating; this includes curved units which can be used on their own or connected to an end module to create a custom seat with an organic flow.

Please see product downloads for available units and potential combinations and enquire here for pricing.
