### DESCRIPTION

**9000 Sofa, NV08/NV14** by **Tito Agnoli** for **Arflex**.

The 9000 sofa, conceptualised in 1969, is a modern modular seating solution characterised by its curvaceous features; while its exterior boasts a structured, angular outline, the inner backrests feature inviting convex forms that invite you to relax within its embrace.

This modular design encompasses various units that combine to create custom seating arrangements. Among these units are pieces for standalone use or units which can be combined.

The NV08 and NV014 are preconfigured seating options that are well suited for commercial settings due to their dual-sided seating arrangement.

Please see product downloads for available units and potential combinations and enquire here for pricing.
