Designer: **Tito Agnoli**

Manufacturer: **Arflex**

£5,838

DESCRIPTION

9000 Two to Four Units Sofa by Tito Agnoli for Arflex.

Defined by its inner curvaceous forms, the 9000 sofa is a contemporary modular seat suitable for residential and commercial spaces.

In contrast to the boxy outer silhouette, the internal backrests express inviting convex shapes that welcome the user into the space.

The modular system comprises several units that can be paired together to create custom seating; this includes curved units which can be used on their own or connected to an end module to create a chaise lounge with an organic flow.

The prices shown here are for the two, three and four unit sofas.

Please see product downloads for available units and potential combinations and enquire here for pricing.
