

Chair 66

Designer: **Alvar Aalto**

Manufacturer: **Artek**

£415

DESCRIPTION

Chair 66 by **Alvar Aalto** for **Artek**.

Artek stands for art and technology. The Finnish company is renowned as one of the most innovative contributors to modern design. They stand out for the clean lines, quality and longevity of their products, all made using a combination of traditional craftsmanship and new technology.

The Chair 66, designed in 1935 is a universal wooden chair in the tradition of classic kitchen and café chairs; its visible, additive construction logic is full of character and pleasing to the eye. The wide backrest offers comfort and flexibility, while the Finnish birch used to make the chair is both durable and lightweight. With its handle-like seat back, Chair 66 is easy to move wherever it is needed. Available in a variety of colours and finishes.

The upholstered chair comes with natural lacquered birch legs, for other leg finishes with the upholstered seat please enquire.

Assembly required.

DIMENSIONS

39w x 42d x 45.4/80cmh

MATERIALS

Chair with frame in natural lacquered solid birch and seat in solid birch birch plywood with a birch veneer surface. Backrest in form-pressed birch plywood.

Available with an upholstered seat in a selection of fabrics and leathers with PU foam padding. Leather seat also available without padding.
