

A808 Floor Light

Designer: **Alvar Aalto**

Manufacturer: **Artek**

£3,903

DESCRIPTION

A808 Floor Light by **Alvar Aalto** for **Artek**.

The hand-turned shade of this elegant floor light is made of delicate, lacquered metal strips that prevent glare by diffusing light evenly. The strips form concentric circles of increasing size that combine to form an inverted bowl shape. The slender angled neck has a polished brass collar that contrasts appealingly with the stand's black leather finish, which is hand-sewn in Finland. The light was designed by Alvar Aalto in 1955 for the National Pensions Institute in Helsinki.

Please note: EU electrical fittings only.

DIMENSIONS

40dia x 163cmh

Cable: 250cm

MATERIALS

A classic design by an iconic designer, the A808 floor light features a hand-turned shade that emits both directional and diffused light.

The steel stand and base are covered with black leather.

A polished brass fixing holds the shade in place. Shade available in white painted steel or polished brass finish.

Bulb:

12W max. E27, 220 - 240V, 50/60 Hz, IP20.
