

## Aalto Table Half-Round

Designer: **Alvar Aalto**

Manufacturer: **Artek**

£1,228

### DESCRIPTION

**Aalto Table Half-Round** by **Alvar Aalto** for **Artek**.

The Finnish company Artek is renowned as one of the most innovative contributors to modern furniture design. They stand out for the clean lines, quality and longevity of their products, all made using a combination of traditional craftsmanship and new techniques.

The unique shape of the half-round Aalto Table from 1933 embodies Alvar Aalto's concept of versatile furniture. The table offers endless possibilities within the home. Used individually against a wall it works well as a console table or dining table for small spaces. Create a large, round dining table with two, or add to a complementary Aalto rectangular table to form a modular dining table or desk to provide ample surface space.

### DIMENSIONS

95: 120w x 60d x 74cmh

96: 150w x 75d x 74cmh

## MATERIALS

Solid birch legs and top edge-band.

Table top available in a choice of birch veneer, white laminate, or black linoleum.
