DESCRIPTION

High Chair K65 by **Alvar Aalto** for **Artek**.

Artek stands for art and technology. The Finnish company is renowned as one of the most innovative contributors to modern furniture design. They stand out for the clean lines, quality and longevity of their products, all made using a combination of traditional craftsmanship and new technics.

Alvar Aalto's long-legged High Chair K65 is the optimum height for high-top tables and bar counters. Its low seatback offers just the right amount of back support, and its curved rail serves as the perfect footrest. Part of the L-leg collection and created from the original system of standardised components, High Chair K65 has been serving up style and substance since the 1930s.

An upholstered version also available, please enquire for information.
