Manufacturer: **Artek**

~~Was £1,283~~ Now £1,090

DESCRIPTION

88 Nesting tables by **Alvar Aalto** for **Artek**.

Artek stands for art and technology. The Finish company is renowned as one of the most innovative contributors to modern furniture design. They stand out for the clean lines, quality and longevity of their products, all made using a combination of traditional craftsmanship and new technics.

This trio of nesting tables can serve as side tables, coffee tables, or be used singularly, spread across a room to provide multiple table surfaces. The solid birch legs are crafted using Alvar Aalto's L-leg technique, while the tabletops are composed of particle board with a birch veneer, making the tables light and easy to move around. When not in use, the tables nest perfectly, saving space while creating an eye-catching geometric puzzle.
