

## Aslak Chair

Designer: **Ilmari Tapiovaara**

Manufacturer: **Artek**

£851

## DESCRIPTION

**Aslak Chair by Ilmari Tapiovaara for Artek.**

The beechwood chair is a functional and elegant seating solution. With the ability to be stacked the light and minimal chair is perfect for modern living or working. Use to fill a lecture hall or as a comfortable dining seat, this chair is stackable up to 4 chairs.

The pioneering simple design was first sketched in 1946 by Ilmari Tapiovaara, although it wasn't manufactured until 1958, when technical advances made mass production possible.

**Quickship available in Grey and Black Lacquered only**

## DIMENSIONS

53w x 50d x 46/76cmh

## MATERIALS

Formed beech plywood available in the following lacquers: white, grey, black, petrol or red..

Felt glides mounted.
