

Domus Lounge Chair Upholstered

Designer: **Ilmari Tapiovaara**

Manufacturer: **Artek**

£1,967

DESCRIPTION

Domus Lounge Chair Upholstered by **Ilmari Tapiovaara** for **Artek**.

Please note: due to the foam used in its construction, this chair is available for contract use only.

The characteristic Domus Lounge Chair was designed, alongside the Domus Chair, for the public spaces at the Domus Academica's student housing.

In the 1940's it was not possible to produce the large veneer seat/backrest element from one piece. Only now is the chair being produced as Tapiovaara originally designed it.

As Jukka Savolainen, director of the Helsinki Design Museum explained "Tapiovaara wanted good design for everyone. He did Ikea before Ikea, good quality pieces at an affordable price – the same kind of packaging and mass production ideas as Ikea has done."

Pricing example is for an upholstered Domus lounge chair, an un-upholstered version is also available, please view 'More products in the range' below.
