

## Mademoiselle Rocking Chair

Designer: **Ilmari Tapiovaara**

Manufacturer: **Artek**

£1,662

### DESCRIPTION

**Mademoiselle Rocking Chair** by **Ilmari Tapiovaara** for **Artek**.

The Mademoiselle Rocking Chair is made from solid birch and was specifically developed in 1956 for the home. Crafted using an age-old construction method, the spoke back contrasts strikingly with the smooth modernist curves of the seat's softly rounded edge. In creating the Mademoiselle, designer Ilmari Tapiovaara drew inspiration from traditional Finnish chairs, then applied his own modern design approach. Also available as a lounge chair.

### DIMENSIONS

55w x 91d x 45/97cmh

### MATERIALS

High-back chair with a seat, back and base in solid birch.  
Available in black or white lacquered finish.
