DESCRIPTION

REB 009 Kaari shelf by **Ronan and Erwan Bouroullec** for **Artek**.

The Kaari Collection is the result of the first collaboration between the French designer brothers and Artek. Based on a simple, yet intelligent standard component of a metal loop, Kaari - meaning 'arch' in Finnish - is a collection that comprises rectangular and round tables as well as a desk, a wall console, a wall hook, a small round shelf, and larger shelves.

The principle behind the pieces is simple: the vertical load is supported by a wooden part. Bent steel banding provides elegant and transparent diagonal support. The interplay between the solid vertical board and the metal band gives the base a surprisingly light appearance and creates a distinctive linear silhouette.
