The Kori Floor Light is a stylish yet functional floor light for your home. Its unique 'basket' design allows it to cast a narrow cone of glare-free light upwards, while also creating a wider cone of softer indirect light below, making it ideal for reading. With its confident and moveable design, the Kori Floor Light adds a touch of sophistication to any interior space. It's the perfect accent light and has been carefully calibrated to provide comfortable illumination for armchairs.

Choose from two stunning finishes - a striking deep matt white or a bright matt orange.
