

Kori Table Light

Designer: **TAF Architects**

Manufacturer: **Artek**

£329

DESCRIPTION

Kori Table Light by **TAF Architects** for **Artek**.

Kori Table Light 2023 is a versatile lighting solution that's both practical and stylish. It is a compact and flexible lamp that's perfect for use as a reading light on a bedside table or armchair, or as an accent light on a shelf or sideboard. With a design reminiscent of a lighthouse, the Kori Table Light features a unique 'basket' that creates a direct, glare-free uplight, while also providing a wider cone of diffuse indirect light below.

Available in two bold colour options - deep matt white and bright matt orange - the Kori Table Light is the perfect way to add both functionality and ambience to any room in your home.
