DESCRIPTION

F510 Lounge Chair by Geoffrey Harcourt RDI for Artifort.

The F510 lounge chair is a striking swivel base chair from Artifort designed by renowned designer Geoffrey D. Harcourt RDI. The lounge chair features a soft comfortable seat with upholstery available in a range of fabrics and leather.

Harcourt was fascinated by his girlfriend's cross-legged sitting position and wanted to design a chair wide enough to suit the sitting position. The chair is ideal for relaxation, and its modern minimalist aesthetic makes it a great choice for any modern home.
