DESCRIPTION

C416 Sofa by Kho Liang le for Artifort.

The C416 sofa is a lightweight and compact sofa which was first introduced to the market in 1960. Designed by renowned designer Kho Liang Le, the design is ahead of its time merging soft and hard materials seamlessly. The sofa looks remarkable from every angle and comes with a powder-coated or brushed steel base finish.

The back of the sofa is oak veneered wooden slats with transparent stained or with a standard oiled finish. The cushions are ultra-soft with upholstery options available in a wide range of fabrics or leathers.

Please note that the sofa is the modern version of the C416. Please enquire about the classic version if interested. The classic version features a Rose Palisander veneered back instead of the oak back, with a brushed stainless steel base.
