### DESCRIPTION

**Palais Coffee Table** by **Anya Sebton & Eva Lilja Lowenheim** for **Asplund**.

Anya Sebton and Eva Lilja Löwenhielm took inspiration from historic environments and ancient palaces to create the Palais series. The collection incorporates columns, pedestals, and panel-covered walls in the designs, with the main inspiration coming from the Colonnades de Buren/deux plateaux by Daniel Buren, located in the courtyard of Palais Royal - hence the collection's name.

Crafted with a delicate touch and solid craftsmanship, the Palais Royal combines the elegance of a wood veneer or circular laminate top with a wood relief base to create an unmistakably Scandinavian dining table.

Its fluted sides offer a unique texture in the home to break up soft furnishings or heavy wood furniture.

Available in a range of sizes and finishes to suit any interior.
