

Model 237 Wall Light, 1959/2018

Designer: **Gino Sarfatti**

Manufacturer: **Astep**

£580

DESCRIPTION

Model 237 wall light by **Gino Sarfatti** for **Astep**.

Inspired by the calming illumination of the Moon, Gino Sarfatti designed the Le Sfere collection including the Model 237 wall light. The multifaceted, versatile collection is a great choice for illuminating spaces from corridors to private and commercial environments.

Similar to the Model 238 wall lights, the Model 237/1 features a single blown opaline glass sphere lightly upheld by a Black or Champagne painted steel ring. Model 237/2 features two blown opaline glass spheres gently held in place by two Black, or Champagne, painted steel rings. The spheres can be placed facing downward or upward and thus providing a direct or indirect light composition.
