DESCRIPTION

Collector Chandelier 5 by **Alf Svensson** for **Audo Copenhagen**.

Designed in the 1950s by Swedish designer Alf Svensson, the Collector series is a timeless mid-century design lighting collection featuring a perforated conical-like shade design to fill spaces with cosy, ambient light.

Both decorative and functional, the collector chandelier features a solid brass pipe ring with ten perforated metal shades emitting light both upwards and downwards to illuminate spaces with its timeless aesthetic. Great for subtle ambient lighting, this timeless design exudes beauty and classic elegance.
