## DESCRIPTION

**Bottle Grinder** by **Norm Architects** for **Audo Copenhagen**.

The Bottle Grinder mills more than salt and pepper; it is a spice grinder, so you can choose to freshly mill larger and more unusual spices in interesting ways..

In addition to its minimalist, bold design and solid handle, it is also highly functional: the mill sits at the top so that salt, pepper, and spices are only dispensed when you grind. In other words, no salt or pepper on the table.

The Audø Copenhagen Bottle Grinder was nominated for the Formland Design Award in spring 2011.

Sold as a set of 2.

## DIMENSIONS

8dia x 20.5 cmh

## MATERIALS

The bottle-shaped grinder is made with a ceramic mechanism, plated with stainless steel or plastic.

The ash and carbon versions are made of plastic and a beech wood lid.
