DESCRIPTION

Carrie Portable Lamp by **NORM.architects** for **Audo Copenhagen**.

The Copenhagen-based Norm Architect's Carrie LED portable lamp is a unique and practical lighting solution. Created in line with the Danish concept of hygge it is a relaxing and warm light that can be moved around the home; to add a sense of cosiness to a living space, or to comfort by a bed.

Its minimalist form is easy to use, with a small button to illuminate and dim, and a brushed steel or brass handle to carry it.

To keep the internal battery healthy, only leave the Carrie plugged in during charging, with the lamp off. Do not leave plugged in while in use.

Quickship available for olive and red finish.
