### DESCRIPTION

**Eave Two-Seat Sofa** by **NORM.Architects** for **Audo Copenhagen**.

The Eave two-seat sofa is a generous sofa inspired by architecture. The name stems from the lower edges of the roof that overhang a wall; that is called 'eaves'. The distinct details of the Eave modular sofa are the curved upholstered armrests, its internal 'eaves', that gives the sofa an expressive character.

The Eave two-seat sofa is part of the modular sofa range which consists of three units; a corner unit, an open unit, and a pouf, that can be combined in many different ways to create a wide range of sofa configurations. Pricing example is for a configuration as seen on the main image which consists of **two corner units**, please **enquire** for other configurations.
