

## Hashira Floor Lamp, High

Designer: **NORM.architects**

Manufacturer: **Audo Copenhagen**

£765

### DESCRIPTION

**Hashira Floor Lamp, High** by **NORM.Architects** for **Audo Copenhagen**.

Inspired by the traditional Japanese rice paper lantern, Copenhagen-based design duo Norm Architect introduced the Hashira Collection for Audø Copenhagen. The Nordic interpretation offers a contemporary, minimalist collection of floor, pendant and table lamps for modern spaces.

"Spreading ambient light in a room, the Hashira Collection makes for purposeful lighting above a dining table, in a reception area or on a table in a hotel bedroom, bringing a sense of understated luxury and purpose to interior spaces" - **Norm Architects**.

Perfect for ambient lighting, the Hashira High Floor Lamp High features a tall and tactile shade with a slender powder-coated steel frame. The sleek base brings a sense of lightness to the design. The pale linen shade acts as a diffuser, projecting the light in multiple directions while creating a cosy, glare-free ambience.

The light comes with a dimmer switch that controls the brightness. The Hashira floor lamp is a great choice for living rooms, dining rooms, hallways or bedrooms with its understated luxurious design.

Explore the rest of the Hashira collection, also created with the same column-like shape to fill spaces with cosy, ambient light. Please see the product range below.
