

Hashira Table Lamp

Designer: **NORM.architects**

Manufacturer: **Audo Copenhagen**

£375

DESCRIPTION

Hashira Table Lamp by **NORM.Architects** for **Audo Copenhagen**.

Inspired by the traditional Japanese rice paper lantern, Copenhagen based design duo Norm Architect's introduced the Hashira Collection for Audø Copenhagen. The Nordic interpretation offers a contemporary, minimalist collection of floor, pendant and table lamps for modern spaces.

"Spreading ambient light in a room, the Hashira Collection makes for purposeful lighting above a dining table, in a reception area or on a table in a hotel bedroom, bringing a sense of understated luxury and purpose to interior spaces" - **Norm Architects**.

Named after the Japanese word for column, the cylindrical form of the Hashira Table Lamp perfectly balances simplicity and character. The slender lamp is handmade in an elegant semi-translucent linen fabric that softly diffuses a warm glow, emphasising the sculptural structure of the interior of the lamp. Set on an oak base, its understated design and natural materials are well suited to any setting.

Explore the rest of the Hashira collection, also created with the same column-like shape to fill spaces with cosy, ambient light. Please see the product range below.
